3 - 3 bedrooms - m<sup>2</sup> total area

Weiland Weilandstraat 41 SINT AGATHA BERCHEM

Residence "Weiland" is residentially planted in Sint Agatha Berchem at the end of the dead end Weilandstraat, directly giving out on Hoogveld, an open green space. You therefore benefit from an urban context combined with a panoramic view over one of the last rare green spaces in Greater Brussels. The entrances to the apartments are accessed via Rue du Meadow. The underground parking lot connects via the car elevator to a newly constructed pipe head at the front of the building. The entire project was thoroughly studied in all aspects, both constructional and architectural. The well thought-out plan structure, the choice of materials and the controlled execution guarantee optimum comfort and living enjoyment in the "WEILAND" residence. It is not only an implementation of value and good taste, but the concept also possesses a very contemporary quality design.
